**State Environment Impact Assessment Authority**  
**West Bengal**  
**Minutes of SEIAA Meeting**  
--\*\*\*--

Subject: **35<sup>th</sup> meeting of SEIAA (Reconstituted on 17.05.2023)**  
Venue:- **Conference Room of Environment Department, Prani Sampad Bhavan, 5<sup>th</sup> Floor, LB – Block, Sector – III, Salt Lake, Kolkata – 700106**  
From :- **07 March 2024**  
To :- **07 March 2024**

**CONSIDERATION/RECONSIDERATION OF ENVIRONMENTAL CLEARANCE**

(1) Proposed Gohogram Sand Mine over an area of 3.37 ha (8.33 Acres) on the Damodar River at Plot No. - 6001(P), J.L. No. - 070, Mouza – Gohogram, P.S. - Galsi, Dist. – Purba Bardhaman, West Bengal by **Ashok Kumar**.

**Proposal No. :- SIA/WB/MIN/456711/2023, File No. : EN/T-II-1/261/2023, Type-EC**

**INTRODUCTION**

The proponent made online application vide proposal no. **SIA/WB/MIN/456711/2023** dated **29 December 2023** along with copies of EIA/EMP seeking environment clearance under the provisions of the EIA Notification, 2006 for the above-mentioned project. The proposed project activity is listed at SL. No. 1(a) Mining of minerals projects under Category "B1" of EIA Notification 2006.

The project proponent (PP) obtained Terms of Reference (ToR) vide No. 803/EN/T-II-1/261/2023 dated 26.04.2023 issued by SEIAA, WB against proposal no. SIA/WB/MIN/74572/2022.

SEAC, during its 29<sup>th</sup> meeting held on 21.02.2024, recommended the proposed project for Environmental Clearance with additional conditions.

**PROJECT DETAILS**

The project of **Ashok Kumar** located in as follows :

<b>S. No.</b>	<b>State</b>	<b>District</b>
<b>(1.)</b>	West Bengal	Purba Bardhaman

**DELIBERATION IN SEIAA**

**SEIAA observed the following :**

- 1. There is mismatch in the timeline given in ToR and EIA for tree plantation. While in ToR, plantation is required to be completed within first two years of project life, the PP has given a plantation plan of five years in the EIA report.**
- 2. No details of location where the proposed plantation would be done has been mentioned in the EIA report.**
- 3. In the EMP the cost for plantation of proposed 1780 trees has been estimated as**

**Rs.71,200. Detailed break up has not been provided.**

**Therefore, SEIAA decided that the PP should upload the following documents in the PARIVESH portal :**

- a) Revised schedule of plantation of 1780 no. of trees in two years.**
- b) Details of location where the plantation will be done.**
- c) Break up of cost of plantation.**

RECOMMENDATIONS OF SEIAA

**Therefore, the application for EC is deferred for additional information.**

CONCLUSION

**Deferred (Additional Information).**

2) Proposed Synthetic Resin Manufacturing Unit of 18000 TPA at Dag no. 322, 323, 324, 325, 339, 340; Vill - Kanchowki, Bishnupur, Dist- South 24 Parganas, Kolkata-743503, West Bengal by **M/s. Pacific Plywoods Pvt. Ltd.**

**Proposal No. :- SIA/WB/IND3/435073/2023, File No. : EN/T-II-1/016/2020, Type-EC**

INTRODUCTION

The proponent made online application vide proposal no. **SIA/WB/IND3/435073/2023** dated **01 August 2023** along with copies of EIA/EMP seeking environment clearance under the provisions of the EIA Notification, 2006 for the above-mentioned project. The proposed project activity is listed at SL. No. **5(f) Synthetic organic chemicals industry** projects under Category "**B1**" of EIA Notification 2006.

The PP obtained Terms of References (TORs) issued by SEIAA, West Bengal vide their Memo no. 58/EN/T-II-1/016/2020 dated 17.01.2022 against proposal no. SIA/WB/IND2/54818/2020.

SEAC, during its 22<sup>nd</sup> meeting held on 20.12.2023, recommended the proposed project for Environmental Clearance.

The proposal was placed before SEIAA in its 28<sup>th</sup> meeting held on 05.01.2024 and SEIAA decided to visit the project site to study the feasibility of the project. SEIAA visited the project site including parts of the adjoining existing project of M/s Centuryply Pvt. Ltd. on 09.01.2024. The proposal was placed before SEIAA in its 30<sup>th</sup> meeting held on 01.02.2024 and after detailed discussion it was decided that some documents required to be uploaded in the PARIVESH Portal for further consideration of the project. The project proponent uploaded documents on 28.02.2024.

PROJECT DETAILS

**The project of M/s. Pacific Plywoods Pvt. Ltd. located in as follows :**

<b>S. No.</b>	<b>State</b>	<b>District</b>
<b>(1.)</b>	West Bengal	South 24 Parganas

## DELIBERATION IN SEIAA

**SEIAA considered the submission uploaded by the project proponent on 28.02.2024 as well as recommendation of SEAC and accepted the same.**

## RECOMMENDATIONS OF SEIAA

**The application for EC is approved with the additional condition that the entire process operations have to be done through automated process control only taking into consideration all safety aspects. LDAR facility along with sensor based alarm system in all vulnerable areas has to be essentially provided.**

## CONCLUSION

**Approved for EC.**

3) Proposed Common Bio Medical Waste Treatment Facility at Plot No- 562, Mouza - Sannasikata, J.L. No. - 27, P.S. - Rajganj, Dist. – Jalpaiguri, West Bengal by **M/s. SNG Envirosolutions Pvt. Ltd.**

**Proposal No. :- SIA/WB/INFRA2/425680/2023, File No. : EN/T-II-1/038/2022, Type-EC**

## INTRODUCTION

The proponent made online application vide proposal no. **SIA/WB/INFRA2/425680/2023** dated **13 April 2023** along with copies of EIA/EMP seeking environment clearance under the provisions of the EIA Notification, 2006 for the above-mentioned project. The proposed project activity is listed at SL. No. **7(d) Bio-Medical Waste Treatment Facilities** under Category "**B1**" of EIA Notification 2006.

The PP had obtained Terms of References (TORs) issued by SEIAA, West Bengal vide File No. EN/T-II-1/038/2022 dated 17.06.2022 against proposal no. SIA/WB/MIS/77516/2022.

SEAC recommended the proposed project for Environmental Clearance with additional conditions during its 2<sup>nd</sup> meeting held on 07.06.2023.

The proposal was placed before SEIAA in its 05<sup>th</sup> meeting held on 26.06.2023. SEIAA considered the recommendation of SEAC and observed that there was vehement public protest against the project during the public hearing conducted on 30.11.2022. Therefore, the SEIAA decided to get an opinion of the District Magistrate, Jalpaiguri regarding setting up of the CBWTF by M/s. SNG Envirosolutions Pvt. Ltd. with a copy to Health Department for their specific recommendation as well. First letter to DM was issued on 04.07.2023. Reminder letters issued on 07.12.2023 and 10.01.2024 respectively.

## PROJECT DETAILS

The project of **M/s. SNG Envirosolutions Pvt. Ltd.** located in as follows :

<b>S. No.</b>	<b>State</b>	<b>District</b>
<b>(1.)</b>	West Bengal	Jalpaiguri

## DELIBERATION IN SEIAA

**SEIAA considered the recommendation of SEAC and accepted the same.**

**Moreover the Health and Family Welfare Dept. has informed SEIAA that ‘as of now GREEN ZEN BIO PVT. LTD. is the only authorised CBWTF operator in the North Bengal area, which is engaged for lifting, transportation, treatment and disposal of biomedical wastes generated in different public health facilities of all the seven districts viz. Alipurduar, Cooch Behar, Dakshin Dinajpur, Darjeeling, Jalpaiguri, Kalimpong, Malda and Uttar Dinajpur. The sanctioned bed strength of these health facilities is 14856. This dependence on only one CBWTF often causes disputes like irregular lifting and lifting of lesser quantity resulting in unnecessary dumping of biomedical wastes in the hospital premises.’**

**So SEIAA has also taken the spirit of the opinion of Health Dept. in view of remedial urgency of improvement of environmental situation for proper biomedical waste treatment and agreed for establishment of additional facility.**

## RECOMMENDATIONS OF SEIAA

**The application for EC is approved.**

## CONCLUSION

**Approved for EC.**

4) Proposed Residential Complex ‘Utsodhaara HIG-1’ at Plot No. – HIG-1 at Utsodhaara: Teesta Township, JL No. 02, Mouza- Dabgram, Block- Rajganj, P.S.- New Jalpaiguri, P.O.- Satellite Township, Pin – 734015, West Bengal by **M/s. Ambuja Neotia Teesta Development Pvt. Ltd.**

**Proposal No. :- SIA/WB/INFRA2/412503/2022, File No. : EN/T-II-1/041/2023, Type-EC**

## INTRODUCTION

The proponent made online application vide proposal no. **SIA/WB/INFRA2/412503/2022** dated **19 January 2023** seeking environment clearance under the provisions of the EIA Notification, 2006 for the above-mentioned project. The proposed project activity is listed at SL. No. **8(a) Building / Construction** projects under Category "**B2**" of EIA Notification 2006.

SEAC recommended the proposed project for Environmental Clearance during its 70<sup>th</sup> meeting held on 15.03.2023.

Earlier the proposal was placed before SEIAA in its 94<sup>th</sup> meeting held on 13.04.2023, 96<sup>th</sup> meeting held on 25.04.2023, 3<sup>rd</sup> meeting held on 09.06.2023 and 19<sup>th</sup> meeting held on 06.10.2023. The application for EC was deferred for additional information.

The PP has uploaded their submission on 15.02.2024 vide letter no. NIL dated 14.02.2024. The PP was requested to appear for a hearing before SEIAA on 23.02.2024. SEIAA heard the submissions of the project proponent during its 33<sup>rd</sup> meeting held on 23.02.2024. SEIAA vide in its meeting dated 13.04.2023, 25.04.2023, 09.06.2023 and 06.10.2023 raised ADS communicating to the PP to apply for EC of the entire township. This inference was drawn on the basis of LUCC of Utsodhaara - Teesta

Township submitted by the PP along with other documents. The LUCC mentions maximum permissible FAR area (Floor Area Ratio) of 632665.81 sqm. PP in reply to ADS claimed that for township project EIA notification mentions only built up area and not FAR area. Therefore, the project would not come under item 8(b) of the schedule of EIA notification.

SEIAA discussed the matter during its 33<sup>rd</sup> meeting held on 23.02.2024 and the application for EC was referred back to SEAC for reappraisal.

The SEAC in its 30<sup>th</sup> meeting held on 28.02.2024 reconsidered the proposal of the PP once again, as requested by SEIAA vide its meeting dated 23.02.2024. SEAC deliberated on the decisions taken by SEIAA in their meetings dated 13.04.2023, 25.04.2023, 09.06.2023, 06.10.2023 and 23.02.2024. Also, the various submission of the PP was considered by SEAC during the meeting. Considering the overall scenario of the project, SEAC is of the opinion that the township in question does not come under the purview of 8(b) of schedule of the EIA Notification since the township area is less than 50 ha. The submitted application by the PP for HIG-1, which is for one Residential Block - B+G+13 storied having total built up area 61,805.40 sq.m. on a plot area 14,705.69 sq.m. is once again recommended for EC and forwarded to SEIAA under 8(a) category.

### **PROJECT DETAILS**

The project of **M/s. Ambuja Neotia Teesta Development Pvt. Ltd.** located in as follows :

<b>S. No.</b>	<b>State</b>	<b>District</b>
<b>(1.)</b>	West Bengal	Jalpaiguri

### **DELIBERATION IN SEIAA**

**SEIAA considered the recommendation of SEAC and accepted the same.**

### **RECOMMENDATIONS OF SEIAA**

**The application for EC is approved based on the SJDA Building Plan No. B0025/PLNG/SJDA/2022 vide Order No. 0636 dated 06.01.2023 with the additional condition that at least 5% of the total parking capacity to be provided with electrical charging points for e-vehicles.**

### **CONCLUSION**

**Approved for EC.**

### **CONSIDERATION/RECONSIDERATION OF TOR**

(1) Proposed Structural Re-Rolling Mill Steel Plant at R. S. & L. R. Plot No. - 2849, 2861, 2862/3380, Mouza – Mondalpur, J. L. No. - 37, Jamuria Industrial Estate, P. S. - Jamuria, P. O. - Mondalpur, District - Paschim Bardhaman, West Bengal by **M/s. Mechfast Engineering Private Limited.**

**Proposal no.- SIA/WB/IND1/437101/2023, File no.- EN/T-II-1/471/2023, Type-ToR**

### **INTRODUCTION**

The proponent made online application vide proposal no. **SIA/WB/IND1/437101/2023** dated **20**

**July 2023** seeking Terms of reference (TOR) under the provisions of the EIA Notification, 2006 for the above mentioned proposed project. The proposed project activity is listed at S. No. **3(a) Metallurgical Industries (ferrous and non ferrous)** projects under Category **B1** of EIA Notification, 2006.

It is noted that the PP had been called for presentation in the 10<sup>th</sup>, 22<sup>nd</sup> and 24<sup>th</sup> meetings of the SEAC held on 02.08.2023, 20.12.2023 and 10.01.2024 respectively. However, the SEAC observed that neither the PP nor their consultant could deliver a proper presentation of their proposal or did not bother to appear for the presentation in spite of being given ample opportunities. Hence, the SEAC decided to give the PP a final opportunity for presentation failing which their proposal will be rejected. The SEAC also decided that the PP should submit valid reasons for its absence on the last three occasions. If the reasons are only found to be acceptable and satisfactory, the PP may be allowed to present its case in a subsequent meeting. The project proponent uploaded their reply in PARIVESH Portal on 23.02.2024 requesting to present their proposal. The PP was once again called for ToR presentation in the 30<sup>th</sup> meeting of SEAC, WB (2023-2026) held on 28.02.2024. The PP remained absent for their presentation. Therefore, the SEAC decided not to give any further opportunity for presentation and the proposal may be rejected.

### **PROJECT DETAILS**

The project of **M/s. Mechfast Engineering Private Limited** located in as follows :

<b>S. No.</b>	<b>State</b>	<b>District</b>
<b>(1.)</b>	West Bengal	Paschim Bardhaman

The salient features of the project submitted by the project proponent is available at Report under online proposal no. **SIA/WB/IND1/437101/2023**.

### **DELIBERATION IN SEIAA**

**SEIAA observed that the PP had been called for presentation 4 times (02.08.2023, 20.12.2023, 10.01.2024 and 28.02.2024) by SEAC and the PP appeared in the first occasion with inadequate information and on other three days remained absent.**

**SEIAA considered the recommendation of SEAC and accepted the same for rejection.**

### **RECOMMENDATIONS OF SEIAA**

**The ToR application is rejected.**

### **CONCLUSION**

**Rejected.**

### **MISCELLANEOUS**

1. Order of Hon'ble High Court dated 22.02.2024 in WPA (P) 63 of 2024 (Dr. Sankar Ghosh Vs. The State of West Bengal & Ors.).

**SEIAA studied the order of Hon'ble High Court dated 22.02.2024 in WPA (P) 63 of 2024 (Dr. Sankar Ghosh Vs. The State of West Bengal & Ors.) and decided to take necessary steps for the compliance of the order of Hon'ble High Court.**

2. Order of Hon'ble NGT dated 23.02.2024 in OA No. 39/2024/EZ in the matter of Jitendra Kumar Mishra (Sand Block No. BWN-II/SRIRAMPUR/915(P), 515(P) & ORS/S).

**SEIAA during its 32<sup>nd</sup> meeting held on 16.02.2024 had already approved the proposal for ToR (Proposal No. SIA/WB/MIN/438824/2023). Hence, the order of the Hon'ble NGT has already been complied with.**

3. Proposed Residential Complex "Rosedale Garden Housing Complex" at Plot No. AA-III/BLK-3, Action Area - III, New Town, Kolkata - 700156, West Bengal by **M/s Rosedale Developers Pvt. Ltd. (Proposal No. :- SIA/WB/MIS/50005/2018).**

**SEIAA decided to communicate to the PP to deposit the amount of RP & NCRAP to WBPCB which is long overdue. SEIAA also decided to request WBPCB to take necessary action as the unit is operating without EC and CTE/CTO from WBPCB.**

4. Letter received from **M/s. Godrej Properties Ltd.** vide Ref No. GPL/SEIAA/MS/PM/23-24/025 dated 28.02.2024.

**SEIAA decided to communicate the PP that necessary clarification may be provided to MoEF&CC in reference to the inspection report of IRO, Kolkata. PP is again directed for the compliance of the letter No 2767/EN/T-II-1/026/2018 dated 07.12.2023 and 2768(2)/EN/T-II-1/026/2018 dated 07.12.2023.**

**List of the projects which were placed before the SEIAA, WB in the thirty fifth meeting held on 07.03.2024 and the Summary Decisions thereof:**

<b>Sl. No.</b>	<b>Proposal</b>	<b>Summary Decision</b>
<b>CONSIDERATION/RECONSIDERATION OF ENVIRONMENTAL CLEARANCE</b>		
1.	Proposed Gohogram Sand Mine over an area of 3.37 ha (8.33 Acres) on the Damodar River at Plot No. - 6001(P), J.L. No. - 070, Mouza - Gohogram, P.S. - Galsi, Dist. - Purba Bardhaman, West Bengal by <b>Ashok Kumar.</b>  (Proposal No. <b>SIA/WB/MIN/456711/2023</b> )	<b>Deferred (for Additional Information)</b>
2.	Proposed Synthetic Resin Manufacturing Unit of 18000 TPA at Dag no. 322, 323, 324, 325, 339, 340; Vill - Kanchowki, Bishnupur, Dist- South 24 Parganas, Kolkata-743503, West Bengal by <b>M/s. Pacific Plywoods Pvt. Ltd.</b>  (Proposal No. <b>SIA/WB/IND3/435073/2023</b> )	<b>Approved for EC</b>
3.	Proposed Common Bio Medical Waste Treatment Facility at Plot No- 562, Mouza - Sannasikata, J.L. No. - 27, P.S. - Rajganj, Dist. - Jalpaiguri, West Bengal by <b>M/s. SNG Envirosolutions Pvt. Ltd.</b>  (Proposal No. <b>SIA/WB/INFRA2/425680/2023</b> )	<b>Approved for EC</b>
4.	Proposed Residential Complex 'Utsodhaara HIG-1' at Plot No. - HIG-1 at Utsodhaara: Teesta Township, JL No. 02, Mouza- Dabgram, Block- Rajganj, P.S.- New Jalpaiguri, P.O.- Satellite Township, Pin - 734015, West Bengal by <b>M/s. Ambuja Neotia Teesta Development Pvt. Ltd.</b>  (Proposal No. <b>SIA/WB/INFRA2/412503/2022</b> )	<b>Approved for EC</b>
<b>CONSIDERATION OF TOR PROPOSALS</b>		
1.	Proposed Structural Re-Rolling Mill Steel Plant at R. S. & L. R. Plot No. - 2849, 2861, 2862/3380, Mouza - Mondalpur, J. L. No. - 37, Jamuria Industrial Estate, P. S. - Jamuria, P. O. - Mondalpur, District - Paschim Bardhaman, West Bengal by <b>M/s. Mechfast Engineering Private Limited.</b>	<b>Rejected</b>

07/03/2024	02:30 PM	05:30 PM
------------	----------	----------

**1. Opening remarks**

SEIAA members greeted each other and started discussion point wise as per the agenda.

**2. Confirmation of the minutes of previous meeting**

Minutes of 34th Meeting of SEIAA, WB is uploaded in the PARIVESH Portal.

**3. Details of proposals considered by the committee**

**Day 1 -07/03/2024**

**3.1. Agenda Item No 1:**

**3.1.1. Details of the proposal**

<b>Deshor Mohan Sand Mine on Ajay river by KAILASH MAHATO located at PASCHIM BARDHAMAN, WEST BENGAL</b>			
<b>Proposal For</b>		Fresh EC	
<b>Proposal No</b>	<b>File No</b>	<b>Submission Date</b>	<b>Activity (Schedule Item)</b>
SIA/WB/MIN/455697/2023	2N-59/2023(E)	09/02/2024	Mining of minerals (1(a))

### 3.1.2. Deliberations by the committee in previous meetings

**Date of SEAC 1 :**21/02/2024

#### **Deliberations of SEAC 1 :**

- Based on the submission and presentation made by the PP, the committee observed that **the plot area** for the proposed project as per the geo-coordinates mentioned in the approved Mining cum Progressive Mine Closure Plan **falls within the potential mining zone** recorded in the approved District Survey Report (DSR) of Paschim Bardhaman district.
- The SEAC scrutinized the documents submitted by the PP in the 29<sup>th</sup> meeting of SEAC held on 21.02.2024 and after careful consideration and detailed deliberation the committee **recommended the proposed project for Environmental Clearance** with the conditions that the following should be submitted along with the six monthly compliance report :-
  1. The revised reserves as per approved DSR should be incorporated in the approved Mine Plan before starting of mining operations. The revised mine plan incorporating the reserves as mentioned above should be submitted to the WBPCB before applying for the Consent to Operate.
  2. Monthly monitoring of base flow level at four points of the project should be conducted by installing piezometer and to be reported in the six monthly compliance report.
  3. Stipulated plantation should preferably be done adjacent to the project. If not possible due to unavailability of suitable land, plantation may be done at other location in the same block. The particular plantation area should be dedicated and marked for the particular project and to be certified by the respective BDO.
  4. Sieve analysis report for grain size distribution should be provided along with six monthly compliance report.
  5. Status of the need-based activities to be reported during six monthly progress report.
  6. Basic amenities, safety and occupational health examinations for labourers to be provided along with six monthly compliance reports.
  7. To enhance success/ survival rate the plantation shall be attempted during the first two years of the project life and the plantation so done shall be taken care of during the rest of the project life. Species of the plant selected should be self-sustaining in that particular region. Geotagged photographs of actual plantation done to be submitted along with six monthly compliance reports.
  8. Studies on the biotic components of the river and the impact of sand mining on these components should be submitted.
  9. Bank line monitoring report should be submitted along with the six monthly progress reports.

### 3.1.3. Deliberations by the SEIAA in current meetings

SEIAA considered the recommendation of SEAC and decided that the application for Desher Mohan Sand Mine over an area of 3.82 ha (9.44 acres) on the Ajay river at Plot No. 583(P), JL No. 14, PS – Jamuria, Mouza – Desher Mohan, Dist – Paschim Bardhaman, West Bengal by Kailash Mahato falling within the DSR potential zone code PO\_BH\_KR\_AJ\_01 is accepted with the conditions recommended by SEAC. Also, additionally the PP shall submit geo-tagged photographs regarding the implementation of CER with actual expenses incurred. The CER and plantation will have to be implemented within first two years of starting of mining operation.

The validity of EC will be for 5 years. However, the PP may apply for extension of EC with revised mining plan before expiry of 5 years hence.

### 3.1.4. Recommendation of SEIAA

Approved

### 3.1.5. Details of Environment Conditions

### 3.1.5.1. Specific

<b>Additional conditions imposed by SEAC -</b>	
1.	<ol style="list-style-type: none"> <li>1. The revised reserves as per approved DSR should be incorporated in the approved Mine Plan before starting of mining operations. The revised mine plan incorporating the reserves as mentioned above should be submitted to the WBPCB before applying for the Consent to Operate.</li> <li>2. Monthly monitoring of base flow level at four points of the project should be conducted by installing piezometer and to be reported in the six monthly compliance report.</li> <li>3. Stipulated plantation should preferably be done adjacent to the project. If not possible due to unavailability of suitable land, plantation may be done at other location in the same block. The particular plantation area should be dedicated and marked for the particular project and to be certified by the respective BDO.</li> <li>4. Sieve analysis report for grain size distribution should be provided along with six monthly compliance report.</li> <li>5. Status of the need-based activities to be reported during six monthly progress report.</li> <li>6. Basic amenities, safety and occupational health examinations for labourers to be provided along with six monthly compliance reports.</li> <li>7. To enhance success/ survival rate the plantation shall be done during the first two years of the project life and the plantation so done shall be taken care of during the rest of the project life. Species of the plant selected should be local species and self-sustaining in that particular region. Geotagged photographs of actual plantation done to be submitted along with six monthly compliance reports.</li> <li>8. Studies on the biotic components of the river and the impact of sand mining on these components should be submitted. The study should be done by some reputed institute.</li> <li>9. Bank line monitoring report should be submitted along with the six monthly progress reports.</li> </ol>

### 3.1.5.2. Standard

1(a)	<b>Mining of minerals</b>
<b>Air quality monitoring and mitigation measure</b>	
1.	Coal stock pile/crusher/feeder and breaker material transfer points shall invariably be provided with dust suppression system. Belt-conveyors shall be fully covered to avoid air borne dust. Side cladding all along the conveyor gantry should be made to avoid air borne dust. Drills shall be wet operated or fitted with dust extractors.
1.	Coal handling plant shall be operated with effective control measures w.r.t. various environmental parameters. Environmental friendly sustainable technology should be implemented for mitigating such parameters.
1.	Adequate number of Fog canon (mist sprayer) shall be installed to reduce the impact of air pollution at dust generating sources with time bound action plan.
1.	PP should Install Wind breaker/shield arrangement along the railway siding for reducing the dust propagation in upwind direction.
1.	Post environmental closure third party monitoring by reputed instituted in air quality, water, land & soil etc shall be carried out and analysed with EMP measures at regular interval. A suitable recommendation in this regard, shall be furnished to IRO, MoEF&CC for compliance. The data used for analysis shall be obtained from continuous AQMS, site specific water regime. Also third party shall analyses the implementation of river diversion, meeting to the requirement of project report.
1.	The Ambient Air Quality monitoring in the core zone shall be carried out to ensure the Coal Industry Standards notified vide GSR 742 (E) dated 25th September, 2000 and as amended from time to time by the Central Pollution

	Control Board. Data on ambient air quality and heavy metals such as Hg, As, Ni, Cd, Cr and other monitoring data shall be regularly reported to the Ministry/Regional Office and to the CPCB/SPCB.
1.	Transportation of coal, to the extent if permitted by road, shall be carried out by covered trucks/conveyors. Effective control measures such as regular water sprinkling/rain gun/ Fog cannon /mist sprinkling etc., shall be carried out in critical areas prone to air pollution with higher level of particulate matter all through the coal transport roads, loading/unloading and transfer points. Fugitive dust emissions from all sources shall be controlled regularly. It shall be ensured that the ambient air quality parameters conform to the norms prescribed by the Central/State Pollution Control Board.
1.	Major approach roads shall be black topped and properly maintained.
1.	PP to install solar lights along the road used for transportation of coal to avoid the accidents at night and also seek its maintenance.
1.	The transportation of coal shall be carried out as per the provisions and route proposed in the approved mining plan. Transportation of the coal through the existing road passing through any village shall be avoided. In case, it is proposed to construct a 'bypass' road, it should be so constructed that the impact of sound, dust and accidents could be appropriately mitigated.
1.	Vehicular emissions shall be kept under control and regularly monitored. All the vehicles engaged in mining and allied activities shall operate only after obtaining 'PUC' certificate from the authorized pollution testing centres.
1.	Adequate ambient air quality monitoring stations shall be established in the core zone as well as in the buffer zone for monitoring of pollutants, namely particulates, SO <sub>2</sub> and NO <sub>x</sub> . Location of the stations shall be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive receptors in consultation with the State Pollution Control Board. Online ambient air quality monitoring station/stations may also be installed in addition to the regular air monitoring stations as per the requirement and/or in consultation with the SPCB
<b>Corporate Environment Responsibility</b>	
1.	A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
1.	The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental/forest/wildlife norms/conditions. The company shall have defined system of reporting infringements/deviation/violation of the environmental/forest/wildlife norms/conditions and/or shareholders/stake holders.
1.	Needs of the locality shall be assessed and the social part of the EMP shall be undertaken as stipulated by MoEF&CC Office Memorandum F. No. 22-65/2017.IA.III dated 30.09.2020. Beneficiary of the social component of EMP should be identified and to be displayed at site. Need based activities for local people is part of the EMP. Details of such activities submitted is by the project proponent. The PP shall submit geotagged photographs regarding the implementation of CER with actual expenses incurred. The CER and plantation will have to be implemented within first two years of starting of mining operation. Photographic evidence of the activities and relevant bills/vouchers are to be given in 6 monthly compliance report.
1.	PP should establish in house (at project site) environment laboratory for measurement of environment parameter with respect to air quality and water (surface and ground. A dedicated team to oversee environment management shall be setup which should comprise of Environment Engineers, Laboratory chemist and staff for monitoring of air, water quality parameters on routine basis. Any non- compliance or infringement should be reported to the concerned authority
1.	Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

1.	Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
<b>Land Recalvation</b>	
1.	Post-mining land be rendered usable for agricultural/forestry purposes and shall be handed over to the respective State Government, as specified in the Guidelines for Preparation of Mine Closure Plan, issued by the Ministry of Coal dated 27th August, 2009 and subsequent amendments.
1.	The project proponent shall make necessary alternative arrangements, if grazing land is involved in core zone, in consultation with the State government to provide alternate areas for livestock grazing, if any. In this context, the project proponent shall implement the directions of Hon'ble Supreme Court with regard to acquiring grazing land.
1.	Native tree species shall be selected and planted over areas affected by subsidence.
1.	Thorough inspection of the mine lease area for any cracks developed at the surface due to mining activities below ground shall be carried out to prevent inrush of water in the mine.
1.	A separate team for subsidence monitoring and surface mitigation measures shall be constituted and continuous monitoring & implementation of mitigation measures be carried out.
1.	Fly ash shall be used for external dump of overburden, backfilling or stowing of mine as per provisions contained in clause (i) and (ii) of subparagraph (8) of fly ash notification issued vide SO 2804 (E) dated 3rd November, 2009 as amended from time to time. Efforts shall be made to utilize gypsum generated from Flue Gas Desulfurization (FGD), if any, along with fly ash for external dump of overburden, backfilling of mines. Compliance report shall be submitted to Regional Office of MoEF&CC, CPCB and SPCB.
1.	Regular monitoring of subsidence movement on the surface over and around the working areas and its impact on natural drainage pattern, water bodies, vegetation, structure, roads and surroundings shall be continued till movement ceases completely. In case of observation of any high rate of subsidence beyond the limit prescribed, appropriate effective mitigation measures shall be taken to avoid loss of life and materials. Cracks should be effectively plugged in with ballast and clay soil/suitable material.
1.	Digital Survey of entire lease hold area/core zone using Satellite Remote Sensing survey shall be carried out at least once in three years for monitoring land use pattern and report in 1:50,000 scale or as notified by Ministry of Environment, Forest and Climate Change(MOEFCC) from time to time shall be submitted to MOEFCC/Regional Office (RO).
<b>Mining Plan</b>	
1.	Mining shall be carried out under strict adherence to provisions of the Mines Act 1952 and subordinate legislations made there-under as applicable.
1.	Transportation by Railway Siding shall be developed to avoid transportation by Road
1.	Efforts should be made to reduce energy and fuel consumption by conservation, efficiency improvements and use of renewable energy.
1.	No mining shall be carried out in forest land without obtaining Forestry Clearance as per Forest (Conservation) Act, 1980 and also adhering to The Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 read with provisions of Indian Forest Act, 1927.
1.	Underground work place environmental conditions shall be rendered ergonomic and air breathable with adequate illumination in conformance with DGMS standards.

1.	Mining shall be carried out as per the approved mining plan (including Mine Closure Plan) abiding by mining laws related to coal mining and the relevant circulars issued by Directorate General Mines Safety (DGMS).
1.	No change in mining method i.e. UG to OC, calendar programme and scope of work shall be made without obtaining prior approval of the Ministry of Environment, Forests and Climate Change (MoEFCC).
1.	5- Star Rating is mandatory to obtain certification as per guidelines of Ministry of Coal
<b>Miscellaneous</b>	
1.	The illumination and sound at night at project sites disturb the villages in respect of both human and animal population. Consequent sleeping disorders and stress may affect the health in the villages located close to mining operations. Habitations have a right for darkness and minimal noise levels at night. PPs must ensure that the biological clock of the villages is not disturbed; by orienting the floodlights/ masks away from the villagers and keeping the noise levels well within the prescribed limits for day light/night hours
1.	The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
1.	The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
1.	The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
1.	The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
1.	The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
1.	The project authorities shall inform to the Regional Office of the MOEFCC regarding commencement of mining operations.
1.	The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
1.	The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
1.	No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
1.	Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
1.	The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
1.	The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.

1.	The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
1.	The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
1.	The proponent shall abide by all the commitments and recommendations made in the EIA/EMP report and also that during presentation to the EAC. All the commitments made on the issues raised during public hearing shall also be implemented in letter and spirit.
1.	Compensation of the land acquired for the project shall be settled as per the R&R Policy. Adequate facility of drinking water, plantation and other social amenities should be provided to established R&R villages.
1.	Persons of nearby villages shall be given training on livelihood and skill development to make them employable with its proper records.
<b>Noise and Vibration monitoring and prevention</b>	
1.	The noise level survey shall be carried out as per the prescribed guidelines to assess noise exposure of the workmen at vulnerable points in the mine premises, and report in this regard shall be submitted to the Ministry/RO on six-monthly basis.
1.	Adequate measures shall be taken for control of noise levels as per Noise Pollution Rules, 2016 in the work environment. Workers engaged in blasting and drilling operations, operation of HEMM, etc shall be provided with personal protective equipments (PPE) like ear plugs/muffs in conformity with the prescribed norms and guidelines in this regard. Adequate awareness programme for users to be conducted. Progress in usage of such accessories to be monitored.
<b>Public hearing and Human health issues</b>	
1.	The project proponent shall undertake occupational health survey for initial and periodical medical examination of the personnel engaged in the project and maintain records accordingly as per the provisions of the Mines Rules, 1955 and DGMS circulars. Besides regular periodic health check-up, 20% of the personnel identified from workforce engaged in active mining operations shall be subjected to health check-up for occupational diseases and hearing impairment, if any, as amended time to time.
1.	Personnel (including outsourced employees) working in core zone shall wear protective respiratory devices and shall also be provided with adequate training and information on safety and health aspects.
1.	Skill training as per safety norms specified by DGMS shall be provided to all workmen including the outsourcing employees to ensure high safety standards in mines.
1.	Effective arrangement shall be made to provide and maintain at suitable points conveniently situated, a sufficient supply of drinking water for all the persons employed.
1.	Implementation of the time bound action plan on the issues raised during the public hearing shall be ensured. The project proponent shall undertake all the tasks/measures as per the time bound action plan submitted with budgetary provisions during the public hearing. Land oustees shall be compensated as per the norms laid down in the R&R policy of the company/State Government/Central Government, as applicable.
1.	The project proponent shall follow the mitigation measures provided in this Ministry's OM No.Z-11013/5712014-IA.II (M) dated 29th October, 2014, titled 'Impact of mining activities on habitations-issues related to the mining projects wherein habitations and villages are the part of mine lease areas or habitations and villages are surrounded by the mine lease area'.

1.	PP to conduct need based assessment survey of the area to for in order to decide the activities to be carried under the CSR and to provide detail of the activity carried out with adequate budgetary provision and time bound action plan.
1.	PP should conduct epidemiology study to (analysis of the distribution, patterns and determinants of health and disease conditions in defined populations).
1.	Permanent Health care facilities of Hospital should be established within 5 km of project boundary for the local people.
1.	PP must ensure an emergency action plan during pandemic in order to provide assistance to the nearby villages located within the 10 km radius buffer zone (If required)
1.	PP to take measure for installation of Renewable Energy sources in nearby area falling within 10 km radius
1.	PP is asked to also identify the rural areas for installation of solar light with its maintenance within the study area of 10 km radius buffer zone with time bound action plan
1.	Adequate illumination shall be ensured in all mine locations (as per DGMS standards) and monitored.
<b>Statutory compliance</b>	
1.	The validity of this Environmental Clearance would be 5 years as per the scheme of mining mentioned in the approved mining plan. However, the PP may apply for extension of EC with revised scheme of mining plan before expiry of 5 years.
1.	Permission of power supply to be taken from the concerned authority for meeting power demand of the project site.
1.	Solid/hazardous waste generated in the mines needs to addressed in accordance to the Solid Waste Management Rules, 2016/Hazardous & Other Waste Management Rules, 2016.
1.	The project proponent shall obtain the necessary permission from the Central Ground Water Authority
1.	The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
1.	The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. TThe implementation report shall be furnished along with the six-monthly compliance report (in case of the presence of schedule-I species in the study area).
1.	The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
1.	The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
1.	The Environmental clearance shall be subject to orders of Hon'ble Supreme Court of India, Hon'ble High Courts, NGT and any other Court of Law, from time to time, and as applicable to the project
1.	The maximum production or peak production at any given time shall not exceed the limit as prescribed in the EC.
<b>Water quality monitoring and mitigation measures</b>	

1.	Domestic water shall be providing to the residents/villages which are coming under the zone of influence of the project due to ground water extraction by installing a RO plant with proper supply line and Taps within 2 years
1.	The project proponent shall take all precautionary measures to ensure reverian/ riparian ecosystem in and around the coal mine upto a distance of 5 km. A revarian /riparian ecosystem conservation and management plan should be prepared and implemented in consultation with the irrigation / water resource department in the state government.
1.	The surface drainage plan including surface water conservation plan for the area of influence affected by the said mining operations shall be prepared, considering the presence of any river/rivulet/pond/lake etc., with impact of mining activities on it, and implemented by the project proponent. The surface drainage plan and/or any diversion of natural water courses shall be as per the provisions of the approved Mining Plan/ EIA-EMP submitted to this Ministry and the same should be done with due approval of the concerned State/GoI Authority. The construction of embankment to prevent any danger against inrush of surface water into the mine should be as per the approved mining plan and as per the permission of DGMS.
1.	Adequate groundwater recharge measures shall be taken up for augmentation of ground water. The project authorities shall meet water requirement of nearby village(s) in case the village wells go dry due to dewatering of mine.
1.	Industrial waste water from coal handling plant and mine water shall be properly collected and treated so as to conform to the standards prescribed under the Environment (Protection) Act, 1986 and the Rules made thereunder, and as amended from time to time. Oil and grease trap shall be installed before discharge of workshop effluent. Sewage treatment plant of adequate capacity shall be installed for treatment of domestic waste water.
1.	The water pumped out from the mine, after siltation, shall be utilized for industrial purpose viz. watering the mine area, roads, green belt development etc. The drains shall be regularly desilted particularly after monsoon and maintained properly
1.	Garland drains (of suitable size, gradient and length) around the critical areas i.e. mine shaft and low lying areas, shall be designed keeping at least 50% safety margin over and above the peak sudden rainfall and maximum discharge in the area adjoining the mine sites. The sump capacity shall also provide adequate retention period to allow proper settling of silt material of the surface runoff
1.	The project proponent shall not alter major water channels around the site. Appropriate embankment shall be provided along the side of the river/nallah flowing near or adjacent to the mine. The embankment constructed along the river/nallah boundary shall be of suitable dimensions and critical patches shall be strengthened by stone pitching on the river front side, stabilized with plantation so as to withstand the peak water pressure preventing any chance of mine inundation.
1.	Ground water, excluding mine water, shall not be used for mining operations. Rainwater harvesting shall be implemented for conservation and augmentation of ground water resources.
1.	Monitoring of water quality upstream and downstream of river including ponds, lakes, tanks shall be carried out once in six months and record of monitoring data shall be maintained and submitted to the Ministry of Environment, Forest and Climate Change/Regional Office.
1.	Regular monitoring of ground water level and quality shall be carried out in and around the mine lease area by establishing a network of existing wells and constructing new piezometers during the mining operations. The monitoring of ground water levels shall be carried out four times a year i.e. pre-monsoon, monsoon, post-monsoon and winter. The ground water quality shall be monitored once a year, and the data thus collected shall be sent regularly to MOEFCC/RO.
1.	The monitoring data shall be uploaded on the company's website and displayed at the project site at a suitable location. The circular No.J-20012/1/2006-1A.11 (M) dated 27th May, 2009 issued by Ministry of Environment, Forest and Climate Change shall also be referred in this regard for its compliance.
1.	The effluent discharge (mine waste water, workshop effluent) shall be monitored in terms of the parameters

	notified under the Water Act, 1974 Coal Industry Standards vide GSR 742 (E) dated 25th September, 2000 and as amended from time to time by the Central Pollution Control Board.
1.	No obsolete technologies for sewage treatment shall be implemented. Construction of Sewage Treatment Plant with latest technology should be completed within 2 years and treated water shall be reused for plantation. CTE and CTO of STP shall be obtained as per the norms.

### 3.2. Agenda Item No 2:

#### 3.2.1. Details of the proposal

<b>Rangamati Sand Mine by SUMIT SINGH located at BANKURA, WEST BENGAL</b>			
<b>Proposal For</b>		Fresh EC	
<b>Proposal No</b>	<b>File No</b>	<b>Submission Date</b>	<b>Activity (Schedule Item)</b>
SIA/WB/MIN/457278/2023	2N-246/2023(E)	10/02/2024	Mining of minerals (1(a))

#### 3.2.2. Deliberations by the committee in previous meetings

<p><b>Date of SEAC 1 :21/02/2024</b></p> 
--

### Deliberations of SEAC 1 :

- Based on the submission and presentation made by the PP, the committee observed that **the plot area** for the proposed project as per the geo-coordinates mentioned in the approved Mining cum Progressive Mine Closure Plan **falls within the potential mining zone** recorded in the approved District Survey Report (DSR) of Bankura district.
- The SEAC scrutinized the documents submitted by the PP in the 29<sup>th</sup> meeting of SEAC held on 21.02.2024 and after careful consideration and detailed deliberation the committee **recommended the proposed project for Environmental Clearance** with the conditions that the following should be submitted along with the six monthly compliance report :-
  1. The revised reserves as per approved DSR should be incorporated in the approved Mine Plan before starting of mining operations. The revised mine plan incorporating the reserves as mentioned above should be submitted to the WBPCB before applying for the Consent to Operate.
  2. Monthly monitoring of base flow level at four points of the project should be conducted by installing piezometer and to be reported in the six monthly compliance report.
  3. Stipulated plantation should preferably be done adjacent to the project. If not possible due to unavailability of suitable land, plantation may be done at other location in the same block. The particular plantation area should be dedicated and marked for the particular project and to be certified by the respective BDO.
  4. Sieve analysis report for grain size distribution should be provided along with six monthly compliance report.
  5. Status of the need-based activities to be reported during six monthly progress report. No plantation will be allowed in need-based EMP since it may be confused with the mandatory plantation. Facilities to the primary schools/ anganwari centres are preferred.
  6. Basic amenities, safety and occupational health examinations for labourers to be provided along with six monthly compliance reports.
  7. To enhance success/ survival rate the plantation shall be attempted during the first two years of the project life and the plantation so done shall be taken care of during the rest of the project life. Species of the plant selected should be self-sustaining in that particular region. Geotagged photographs of actual plantation done to be submitted along with six monthly compliance reports.
  8. Studies on the biotic components of the river and the impact of sand mining on these components should be submitted.
  9. Bank line monitoring report should be submitted along with the six monthly progress reports.

### 3.2.3. Deliberations by the SEIAA in current meetings

SEIAA observed the following :

1. There is mismatch in the timeline given in ToR and EIA for tree plantation. While in ToR, plantation is required to be completed within first two years of project life, the PP has given a plantation plan of five years in the EIA report.
2. No details of location where the proposed plantation would be done has been mentioned in the EIA report.
3. In the EMP the cost for plantation of proposed 2540 trees has been estimated as Rs.1,00,000. Detailed break up has not been provided.

Therefore, SEIAA decided that the PP should upload the following documents in the PARIVESH portal :

- a) Revised schedule of plantation of 2540 no. of trees in two years.
- b) Details of location where the plantation will be done.
- c) Break up of cost of plantation.

Therefore, the application for EC is deferred for additional information.

### 3.2.4. Recommendation of SEIAA

Deferred for ADS

### 3.3. Agenda Item No 3:

#### 3.3.1. Details of the proposal

<b>Residential Cum Commercial Complex Project “Bhawani Courtyard” (Under Violation) by HIMANGA MERC ANTILES PRIVATE LIMITED located at 24 PARAGANAS NORTH, WEST BENGAL</b>			
<b>Proposal For</b>		Fresh EC	
<b>Proposal No</b>	<b>File No</b>	<b>Submission Date</b>	<b>Activity (Schedule Item)</b>
SIA/WB/INFRA2/462563/2024	2N-65/2017(E)	12/02/2024	Building / Construction (8(a))

#### 3.3.2. Deliberations by the committee in previous meetings

<p><b>Date of SEAC 1 :21/02/2024</b></p> <p><b>Deliberations of SEAC 1 :</b></p> <ul style="list-style-type: none"><li>Based on the application made, documents uploaded / submitted, and the presentation made by the PP/Consultant, the SEAC noted that this application for EC was noted to be a duplicate one. The PP submitted a letter dated 12.02.2024 requesting that the application for EC will be withdrawn.</li></ul> <p>Considering the above, the SEAC decided that the present proposal under violation category may be rejected.</p>
--

#### 3.3.3. Deliberations by the SEIAA in current meetings

SEIAA considered the recommendation of SEAC and accepted the same as this is a duplicate application. The application for EC is rejected.
---

#### 3.3.4. Recommendation of SEIAA

Reject
--------

#### 4. Any Other Item(s)

N/A
-----

#### 5. List of Attendees

Sr. No.	Name	Designation	Email ID	Remarks
1	Shri Dharmdeo Rai IFS	Member Secretary, SEIAA	env*****@gmail.com	
2	Dr Ashit Kumar Mukherjee	Chairman, SEIAA	ash*****@gmail.com	
3	Dr Nilangshu Bhusan Basu	SEIAA Member	nb*****@gmail.com	

Date: 22/03/2024
