

**MINUTES OF THE 01ST MEETING OF STATE LEVEL ENVIRONMENT IMPACT
ASSESSMENT AUTHORITY (SEIAA) HELD ON 14TH MARCH, 2017 AT PARIBESH
BHAVAN**

The first meeting of the State Level Environment Impact Assessment Authority (SEIAA) was held on 14th March, 2017 in the Conference Room of West Bengal Pollution Control Board, Paribesh Bhavan, 10A, LA Block, Sector – III, Salt Lake, Kolkata-700098. Following cases were discussed:

- 1. Amendment of environmental clearance to commercial complex (acropolis) and stadium (Gitanjali) at 1858, Rajdanga Main Road, Kolkata – 107 by M/s. Merlin Projects Ltd.**

SEIAA discussed the letter received from KMDA and earlier submission of the project authority and decided that project proponent should explore the possibility for providing the onsite STP for the whole project.

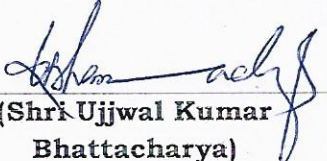

- 2. Environmental Clearance application for the proposed common biomedical waste treatment facility at Illubari Industrial Estate, North Dinajpur District, West Bengal by M/s. Medicate Environmental Management Pvt. Ltd. – Recommendation of SEAC for exemption.**

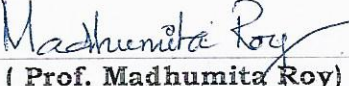

SEIAA considered the recommendation of SEAC and reviewed the matter in light of the EIA Notification No. S.O.1142 (E) dated 17th April, 2015 and decided to exempt this project from obtaining Environmental Clearance.

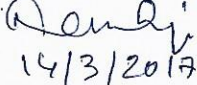

- 3. Environment clearance application for the proposed construction for residential complex at Premises no. 9A/1, Umakanta Sen Lane, Kolkata by M/s. Srinivas Infra Developers Pvt. Ltd. – Submission from project proponent regarding plantation.**

The SEIAA approved the stipulated conditions proposed by SEAC. It was further decided that the project proponent will have to address the following during submission of sanctioned building plan to SEAC –

1. Project boundary to be delineated in satellite imagery (scale 1:2500) and boundaries of existing water bodies are also to be shown.
2. Water meter to be installed at every inlet point of fresh water uptake, STP inlet & outlet including discharge point of treated water and regular records to be maintained.
3. Provision for backup power for operation of STP during power failure should be made.
4. Plantation of 102 nos. trees within the site and compensatory tree plantation in NKDA area as proposed to be developed and maintained.
